

Veterans Home - Chippewa Falls

Friend & Family Update 7.03.2020

Hello Friends and Family -

We are delighted to share that we continue to have no diagnosed COVID-19 cases among members and staff at the Veterans Home!

As you are aware, the number of Covid cases in Wisconsin and our surrounding communities are rising. As we continue to await guidance from the state regarding outside visits and reopening, we need to consider these numbers. The prevalence of Covid in our surrounding community will guide our final decisions about when we can start loosening current constraints. We have reminded our staff on ways to stay safe while out in the community, especially during the holiday weekend.

As a reminder, if you choose to do window visits, please do so in a safe manner. We ask that you wear a mask while at the Veterans Home. Member windows need to be closed as to not allow the virus to spread, so bring your cell phone or tablet to best communicate with your loved one. Be mindful of where you are walking and maintain at least 6 feet of distance between you and anyone else on campus.

We appreciate your understanding and patience as we continue to go through this journey together.

Thank you again for your support and cooperation. Please contact me at any time if you have questions or concerns.

Have a safe holiday weekend!

A handwritten signature in black ink, appearing to read "Megan M. Corcoran".
